February 7, 2014

Hello M1s,

The Family Medicine Department offers M1s an opportunity to shadow a board-certified family physician in your hometown or elsewhere in the United States. With a satisfactory completion, you will earn one elective credit hour. This is a five-week clerkship. The FAP 475 M1 Summer Clerkship must be completed during May and June following the M1 year.

There are three slots for the Omaha metro area. The Family Medicine Department has a number of rural preceptors in Nebraska, Iowa, and Wyoming. If you are interested in shadowing one of our established rural preceptors, please contact me to discuss a possible placement.

If you chose to complete this clerkship in your hometown, please note that you may not work with a family member. The student will contact a board-certified family medicine physician. Once a placement is confirmed, please email Ms. Deb Badura (dbadura@creighton.edu) with the dates, physician’s name, address, phone number, and email address, if they have one. Deb will contact the physician to reconfirm your placement. During the last week of your rotation, Deb will send the FAP 475 Student Evaluation to the preceptor for completion. After Deb has received the completed evaluation, and the student received a passing grade, the grade will be sent to the registrar’s office for one credit earned.

The M1 Summer Clerkship (FAP 475) description and application can be found at http://medschool.creighton.edu/family/students/index.php

There is no stipend for this clerkship and the one elective credit hour does not count towards your M3 or M4 credit hours.

If you have any questions regarding the FAP 475 M1 Summer Clerkship, please call, email, or stop by my office at Creighton University Medical Center, Suite 6720, between 8:30am and 4:00pm, Monday through Friday.

Cordially,

Ms. Deb Badura
